

# Upper Canada Family Health Team

## MEMORY CLINIC

Your doctor has referred you to the Memory clinic at the Upper Canada Family Health Team. This is a specialty clinic dedicated to helping patients with memory difficulties. You have recently been contacted by a member of our Memory Team who has arranged an appointment in our clinic. This package contains information forms to be completed and brought with you on the day of your appointment.

On the day of your appointment, our team of skilled health care professionals will complete a thorough assessment and provide your family doctor with results to help her/him provide the best care for you. The Memory Clinic Team includes members of The Family Health Team, and a representative from the Alzheimer's Society. Confidential information about your situation is shared within this team. We assess and provide recommendations on many aspects of memory function including blood work and X-ray tests that may be required, and any available treatments and driving safety. Our goal is to help patients with memory difficulties maintain independent living and best quality of life for as long as possible. We will provide you with plenty of information so please bring along a family member or friend.

Our clinic is located at:  
100 Strowger Blvd, Suite 110 – Entrance 2B, Brockville, ON  
The building was formerly known as SCI.
